

CSCC Award for Innovation in Laboratory Medicine
Sponsored by Roche Diagnostics

APPLICATION

Please complete all sections of the application and send to:
Canadian Society of Clinical Chemists
office@csc.ca

This award will be presented annually by the Canadian Society of Clinical Chemists to a Clinical Laboratory in Canada that has distinguished itself by outstanding accomplishment through innovation in the field of Clinical Chemistry or Laboratory Medicine in one or more of the following:

- Innovation in strategic planning and implementation of laboratory services based on best practices.
- Innovation in development of new laboratory programs.
- Promotion of a positive public image for laboratory medicine.

Applications must be completed by a current member of CSCC, and requires the signature of member and an administrator within the organization.

Completed applications consist of:

- ☐ Completed and signed application form.
- ☐ Letter of nomination from CSCC member.
- ☐ Letter of reference from nominated organization's administrator.

This application form must be completed in its entirety. Details may be presented in point form if required, in order to restrict comments to the indicated word count.

Application deadline is November 30, 2014.

1. Name and description of the organization being nominated:
